SUMMARY

I am a proactive and detail-oriented MERN Full Stack Developer with a solid understanding of React.js, Node.js, Tailwind, HTML, and CSS. I am dedicated to building responsive and user-centric web applications that deliver smooth digital experiences. Known for my strong problem-solving abilities, adaptability, and a continuous learning mindset, I am excited to contribute my technical and creative skills to support innovative software solutions.

EXPERIENCE

MERN Full Stack Developer Intern 04/2025
Luminar Technolab Kochi, Kerala

Internship as a MERN Full Stack Developer

- Built and deployed 8+ responsive web pages using HTML, CSS, JavaScript, React.js, Bootstrap, and Tailwind CSS
- Worked in a team of 4 developers to complete a group project on time, meeting all design and functionality goals
- Used Git and GitHub for version control and teamwork, ensuring smooth collaboration and clean code management

PROJECTS

Spice Veda – Restaurant Website 01/2022 - 02/2022

Restaurant website showcasing menu items and contact details

- Created a static restaurant website to highlight menu items, special dishes, and contact details with a visually appealing layout and smooth navigation
- Developed using pure HTML5 and CSS3, focusing on responsive design, consistent styling, and clear content structure
- Strengthened front-end design and layout skills through attention to typography, color balance, and page organization

Luxura Travels – Travel Website 03/2022 - 04/2022

Travel website showcasing destinations and packages

- Developed a static travel website to showcase destinations, packages, and contact details with a modern and responsive design
- Utilized Tailwind CSS and CSS3 for efficient styling, layout consistency, and faster UI development
- Focused on clean structure, reusable components, and mobile-friendly design, improving overall front-end development efficiency

Udemy Clone – E-Learning Platform 05/2022 - 06/2022

Frontend clone of the Udemy platform

- Built a frontend clone of the Udemy platform with a focus on course listing, category pages, and responsive UI components
- Implemented React.js for component-based architecture and Tailwind CSS for efficient, modern styling
- Enhanced user interface consistency and performance through reusable React components and optimized layouts

EDUCATION

Bachelor of Commerce - Marketing

Mahatma Gandhi University

08/2019 - 05/2022 **Kerala**

STRENGTHS

✓ **Technical Skills and Professional Traits**

Proactive and detail-oriented Full Stack Developer with strong problem-solving abilities and adaptability

KEY ACHIEVEMENTS

💡 **Website Development Achievements**

Successfully developed multiple static and responsive websites using HTML, CSS, Tailwind CSS, and React.js during training
